EAGLES LITTLE LEAGUE MINOR

S.B.C. WELCOME

Greetings everyone and welcome to yet another wrap up of the Eagles news for this week. The Eagles are travelling along nicely at the moment, with many of our teams proving to be very competitive this season. There is still plenty of baseball left for the season and still time for everyone to make the most of their opportunities as they come around. Our juniors in particular are making us very proud, as within each team, there is a story to be told. If you look at the group of kids in the photo above, you will see that many of them are very young and have taken on the challenge of baseball with great intent. The Little League Major team would have to be the youngest in the competition and even though the going is tough, they front up every Sunday Morning and give it their best shot which is awesome!

The Eagles Tee Ball crew are going very well, with all of the kids taking note of the basics and then putting them into play with the tee ball game, you kids are just the best !!

The Rookies were trying their hands at pitching, catching, fielding and learning about the strike zone at the same time last week. The short games are really coming along well.

The U12s Red team were full of energy and gusto last Friday as they took on our own Blue team at home. There were some great plays kids and a great home run from Gideon.

The Eagles Blue team certainly came out swinging in their game with our own Red team. Top effort kids, you are all showing some fine skills and are going just great guns.

U12s Major team were up against a tougher opponent in their game at home on Sunday. Keep your heads high kids, for such a young team you are making Sunshine Baseball Club proud.

The U14s team are reaping the rewards for their hard work at training and for their attention on game day. Good baseball kids and an awesome home run from Robbie, well done champ!

The U16s team had a terrific game and their early run tally helped them to hold off Essendon when they made a late charge. Great stuff kids, keep up the good work.

The U18s had one of those games where they struggled to get on base and were behind the 8 ball from the start. They will no doubt bounce back next week and get back into the groove.

The Masters took on ladder leaders Preston and got the points with a convincing 8 nil win. Well done guys, that was an important game and you played it well.

The Women's team fell short by a handful of runs in their game with Moorabbin, but a good game was had by all. This season so far they are 4 wins and 5 losses, which isn't too bad at all.

The Fourths were dominant in their game with Bonbeach, enforcing the mercy rule early with a 10 run lead. Well done fellas, keep up the good form and do what you do best.

The Thirds came out swinging early and racked up some handy runs, before giving up a few back to the opposition. There were some good hits from the guys and our young Eagles played well.

The Seconds had a good win on Saturday, which takes them to 8 and 1 for the season which is fantastic. Good work guys, keep up the tempo and that good solid baseball we are seeing.

The Firsts had a really close game for the most part and it was only in the latter part that they turned it around. The runs against our firsts for the season so far is only 30, which is outstanding!
