Eagles News

Vol:14 Jan 24th 2017

PROUD SPONSORS

Greetings everyone, Happy New Year and welcome to the Volume 14 of the Eagles Newsletter for 2018.

It was certainly great too see the season get underway again for the majority of our teams and to once again see so many Eagles Players taking to the fields.

The Women once again were the first to play ball and play ball they did with a very nice win over Springvale, that's just great ladies, you are all starting to gel nicely and the results are showing on the scoreboard. It was always going to be big task for the 4 senior men's teams, as they were severely depleted with numbers due to the unfortunate suspensions. That aside, we can be proud of the fact that we comfortably fielded all of our teams and everyone went about their way proudly representing our club. The men's teams were unable to salvage a win, but the solidarity shown by many club members and past players to step up to the task when required was just outstanding. The Masters crew belted in 10 runs for solid win and are certainly looking the goods!

The Juniors saw the U16s continue on their ways with all the confidence of a team on top of the table, well done guys, keep up the fine form and enjoy all the success that may come your way. The U12s Sunday team have resumed their season and the U18s had a bye. GOOD LUCK TO ALL TEAMS THIS WEEK - GO EAGLES !!!

Gavin Fischer Geoff Fischer Rupert Fischer Elliot Fischer

3 GENERATIONS OF FISCHERS

Geoff and June Fischer had the good fortune to see their son (Gavin) and grandson (Rupert) play baseball in the 3rds along side each other for first time. Rupert started as opening pitcher, then Gavin stepped in to relive him when it was time. Gavin's wife Christine, was equally as proud of the guys and also of Elliot (Rupert's younger brother), who has started playing baseball this season. It's just great to see families continue on with the fine traditions of playing for the Eagles, these are the foundations that have made our club so successful over the many years and will continue to do so for many more!
