# EAGLES NEWS Vol 01

Greetings everyone and welcome to Volume 01 of our Eagles Newsletter for season 2018-2019. We will be releasing weekly newsletters from this week on with all of the Eagles News for our members to catch up on. It was a great on-field start with our seniors and we certainly look forward to the juniors getting underway this week.

Off-filed, it has been a hive of activity with both the senior and junior committee's working overtime to ensure that the season gets underway with a minimum of fuss, a big thanks goes to all of you !!

Apart from the 80th Anniversary function, there will be plenty more happening off-filed, so keep an eye out for them and lock in the dates to celebrate this fine season ahead with us.

## SENIORS NEWS

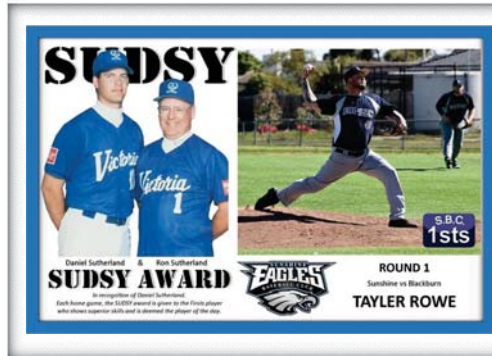

Our first 9 had a great start to the season with a solid performance against Blackburn at home. The game was tight for the most part, then some timely hits gave us the required runs. The 2nds were up against a stronger opponent on the day, but will be sure to bounce back this week. The 3rds also had a tough day at the office, but there were some promising signs that the team will build on. The 4ths opened their season campaign with a win and will be looking to keep the pressure on the opposing teams this season. The Masters lads will have their first game this Monday night at home and all the best to them for this season.

## JUNIORS NEWS

The juniors finally start their summer season of baseball with all 5 of our Friday night teams playing at home. The kids have been in training now for a few weeks, so no doubt they will be keen as mustard to run out onto the diamonds to play ball. Special thanks needs to go to all of the coaches and assistants for helping to form the teams, the junior committee for their hard work behind the scenes and thanks to the senior playing group who have helped with pre-season skills. The tee and Rookie ball kids start next Tuesday, so plenty of excitement to hit the Eagles Dome soon. GO EAGLES !!
